Xignal is a brand of Dimo Systems · The Netherlands

| ① Install the app | ② Create an account | ③ Start the gateway | ④ Scan the trap | ⑤ Activate the trap |

| 31 | 32 | 23 | 34 | |

① Install the app
1. Download the Xignal app from the Apple Store or Google Store.
2. Install the app.

② Create an account
1. Click 'Register here'
2. Follow the instructions to create an account.
3. Login with your email address and password.

③ Start the gateway
1. Plug the gateway to a power outlet.
2. Wait untill the LORA led is ON. (This might take a few minutes)

④ Scan the trap
1. Open the Xignal app or 🔲 your mobile device.
2. Go to 'Add Sensor'
3. Scan the QR code on the trap.
4. Assign the trap to a location.

⑤ Activate the trap
1. Press both switches until the LED truns RED.
2. Release both buttons.
3. Wait until the LED turns GREEN.
